---

Techrx respectfully seeks a waiver of the FCC-mandated 12-month downward revision deadline for 2015 FCC Forms 499-A.

- Reason for appeal: This was our first time filing the 499A Worksheet and we mistakenly stated our complete company revenue instead of just the telecom revenue for the business. In an attempt to correct the value we went to change the 2015 499A filing but because it was out of the revision window. The correct information was entered into the 499A at the USAC but was denied until a waiver is granted by FCC ruling.

Please consider this plea for waiver on the rule regarding 12-month downward revision deadline to the allow the USAC acceptance of our appeal request of the corrected form 2015 499-A.
